2025 LANDLORD WORKSHOP

- Understand recent legislation impacting residential & commercial rentals.
- Learn about changes in tenancies, fair housing, and building codes.
- Gain insights on trending topics relevant to landlords & property owners.

Special Guests

CalQuake - Equip yourself to protect properties and tenants during earthquakes.

Kimball, Tirey, & St. John - Providing legal solutions in new rental laws, landlord-tenant law, and fair housing compliance.

Stay informed and up to date with the latest regulations impacting residential and commercial rentals. This year's training will cover new laws on fair housing, affordability, and new laws that will impact your rental operations in 2025.

Special presentations by CalQuake and the Housing Authority will highlight earthquake safety measures, essential updates, housing mediation services, and other supportive programs to help landlords navigate these changes.
